

Blackhawk Controls
Your Drives and Motion Control Specialists

OEM Industries Served

Blackhawk Controls is specialized in Plastics and Paper Converting but also has expertise in sales and support for the following industries:

- Automotive
- Food & Beverage
- Marine
- Material Handling
- Medical/Pharmaceutical
- Metals
- Packaging
- Film and Foil
- Rubber
- Printing
- Textiles
- Wood

DIEQUA
Corporation

EMERSON[™]
Industrial Automation

Blackhawk Controls

Your Drives and Motion Control Specialists

EMERSON/CT - Servo Drives, Motors and Controllers. Digital AC Drives, AC Inverter Drives, AC Motor Controls and communications modules, DC Drives

QUICKSILVER CONTROLS -Micro step Nema 11, 17, 23 & 34 frame servomotors, controllers and drives.

EXLAR - Inverted roller screw-based servo actuators and force tubes, compact brushless DC servo motors; linear actuator output ratings over 40,000 lbs.

DIEQUA - Specialists in precision power transmission components: low backlash servo couplings and gearboxes, screw jack actuators.

COGNEX - Machine vision, machine vision sensors, and system integration for custom applications.

THK AMERICA—Precision linear motion guides, ball splines, ball screws, cross roller rings, actuators and more.

APEX DYNAMICS— Gearboxes: low backlash planetary, in-line & right angle.

BAUMER ELECTRIC — Encoders: incremental & absolute. Sensors: photoelectric, ultrasonic, inductive, capacitive, magnetic, laser.

CONTREX — Precision Motion Controllers for Motor Speed and Ratio Control.

CAROTRON — AC & DC Drives, system interface components, custom controls systems.

DART— Manufacturer of high quality DC and AC motor speed controls and accessories.

INTEGRA ENCLOSURES — Polycarbonate Enclosures.

LEESON/LINCOLN — Variable & constant torque inverter & vector duty motors.

NEUGART USA— Gearboxes: low backlash planetary , in-line & right angle.

NORTHSTAR— Digital pulse tachometers for accurate measuring and controlling of machinery.

MARATHON— Top brand manufacturer of industrial electric motors and generators.

MICRON TRANSFORMERS— World leader in providing control transformers and power supplies.

PACIFIC BEARING — Bearings: self-lubricated and linear slides for linear motion systems.

PFANNENBERG USA – Cooling units, filter fans, alarm products for industrial enclosures.

POST GLOVER— Dynamic Breaking, Power Resistors, Harmonic Filters, Load Banks, Resistance Grounding.

POWERTEC INC.— Brushless DC Drives: standard, regenerative & servo: Brushless DC Motors.

RED ARROW MARKETING - New and used PLC, EOI products from top name brand manufacturers with standard two year warranty.

SCR CONTROLS — New manufacture of discontinued analog Emerson DC drives & spare parts.

TRANSCOIL – Performance and protection solutions for VFD and motors. Line Reactors, Din Rail Reactors, Filters.

TRILOGY—Linear servomotors for high speed applications

T.B. WOODS CORP/VACON — AC & DC Drives

WATT DRIVE — Gear motors and Reducers: Low backlash

Additional lines available, ask your Sales Rep for more details
